JETFLOW SJMF

EC In-line Mixed Flow Circular Fan

Compact EC in-line mixed flow fan, designed specifically for use with rigid or flexible ductwork. Perfect for residential, industrial and commercial installations.

IMPROVES INDOOR AIR QUALITY

Better health and reduced heating costs.

Available in 7 sizes from 100mm - 355mm.

High performance and energy efficient brushless EC motor results in low SFP.

Integrated mounting foot simplifies installation.

Easy control with industry-standard 0-10v connection. Allows quick connection to sensors and run-on timers.

FEATURES & BENEFITS

- **EC brushless motor** means even at full speed, its performance is smooth, quiet and super efficient.
- **Double mixed flow impeller** produces strong pressure at any speed, allowing the fan to be slowed down and deliver the exact performance needed. This reduces heat loss through over-ventilation.
- **Detachable Bracket** on models 150 to 315mm for ease of installation.
- **Speed controllable** and can be paired with optional accessories and sensors for complete control.
- **Easy Installation;** fitted with a 1.5 metre mains lead complete with UK 3-pin plug. Convenient for connecting to electrical sockets and providing a means of isolation/disconnection.
- **Low power consumption** at high performance resulting in Low Specific Fan Powers for Building Regulation Compliance.
- **2 year warranty,** for full details, visit www.eltatrade.co.uk.

PERFORMANCE DATA

JETFLOW SJMF	100	125	150	200	250	315	355
Airflow L/s (m³/h) @ 100pa	48 (173)	68 (245)	130 (468)	253 (911)	427 (1538)	773 (2783)	1140 (4104)
