JETFLOW SJMF SILENT

EC In-line Mixed Flow Circular Fan with Built-in Silencer

EC in-line mixed flow fan with built in silencer, designed specifically for use with rigid or flexible ductwork. Perfect for residential, industrial and commercial installations.

IMPROVES INDOOR AIR QUALITY

Better health and reduced heating costs.

Available in 4 sizes from 150mm - 315mm.

High performance and energy efficient brushless EC motor results in low SFP even with high performance.

Increases user comfort by reducing the fan noise from the room.

Easy control with industry-standard 0-10v connection. Allows quick connection to sensors and run-on timers.

FEATURES & BENEFITS

- **EC brushless motor** means even at full speed, its performance is smooth, quiet and super efficient.
- **Acoustic enclosure** body reduces noise levels.
- **Double mixed flow impeller** produces strong pressure at any speed, allowing the fan to be slowed down and deliver the exact performance needed. This reduces heat loss through over-ventilation.
- **Speed controllable** and can be paired with optional accessories and sensors for complete control.
- **Easy Installation;** includes 4 hanging brackets and fitted with a 1.5 metre mains lead complete with UK 3-pin plug. Convenient for connecting to electrical sockets and providing a means of isolation/disconnection.
- **Low power consumption** at high performance resulting in Low Specific Fan Powers for Building Regulation Compliance.
- **2 year warranty,** for full details, visit www.eltatrade.co.uk.

PERFORMANCE DATA

JETFLOW SJMF SILENT	150	200	250	315
Airflow L/s (m³/h) @ 100pa	127 (457)	248 (893)	404 (1454)	756 (2722)
Power W	21	27	49	100
Sound Pressure dB(A) @ 3m	47	48	51	52
Volts Hertz	220-240 50/60			
Max Ambient Temperature °C Degree of Protection	60 IPX4
